Boy oh boy... For my first experience in the US to be of such a lovely guy - I feel so lucky. I was made to feel so incredibly welcome and was told more about the area than I could reasonably have expected one person to know... Thank you!

A truly excellent experience. While walking out of our hotel we were greeted with the opportunity to catch a ride to the airport as opposed to going to catch the Bart. We had an awesome ride. The car was immaculate and the driver was awesome to chat with during the ride. Thanks again for an excellent experience!!!!!!
